THE PROBLEM, IN ONE LINE

₹15–25L cost, 3–6 months of drafting — 5,000+ eligible SMEs never list, locking up ₹1,000+ Cr of market opportunity.

The Solution

An AI co-pilot that drafts the SME promoter's first DRHP in minutes

DRHP — Full SEBI Chapter-IX draft

Abridged Prospectus — investor-facing summary

3 Ways an SME Can Bring In Company Data

Wizard Form

Guided manual entry — best for first-time users.

Auto-Fetch

MCA21 + GST + Account Aggregator, under 5 minutes.

Document Upload

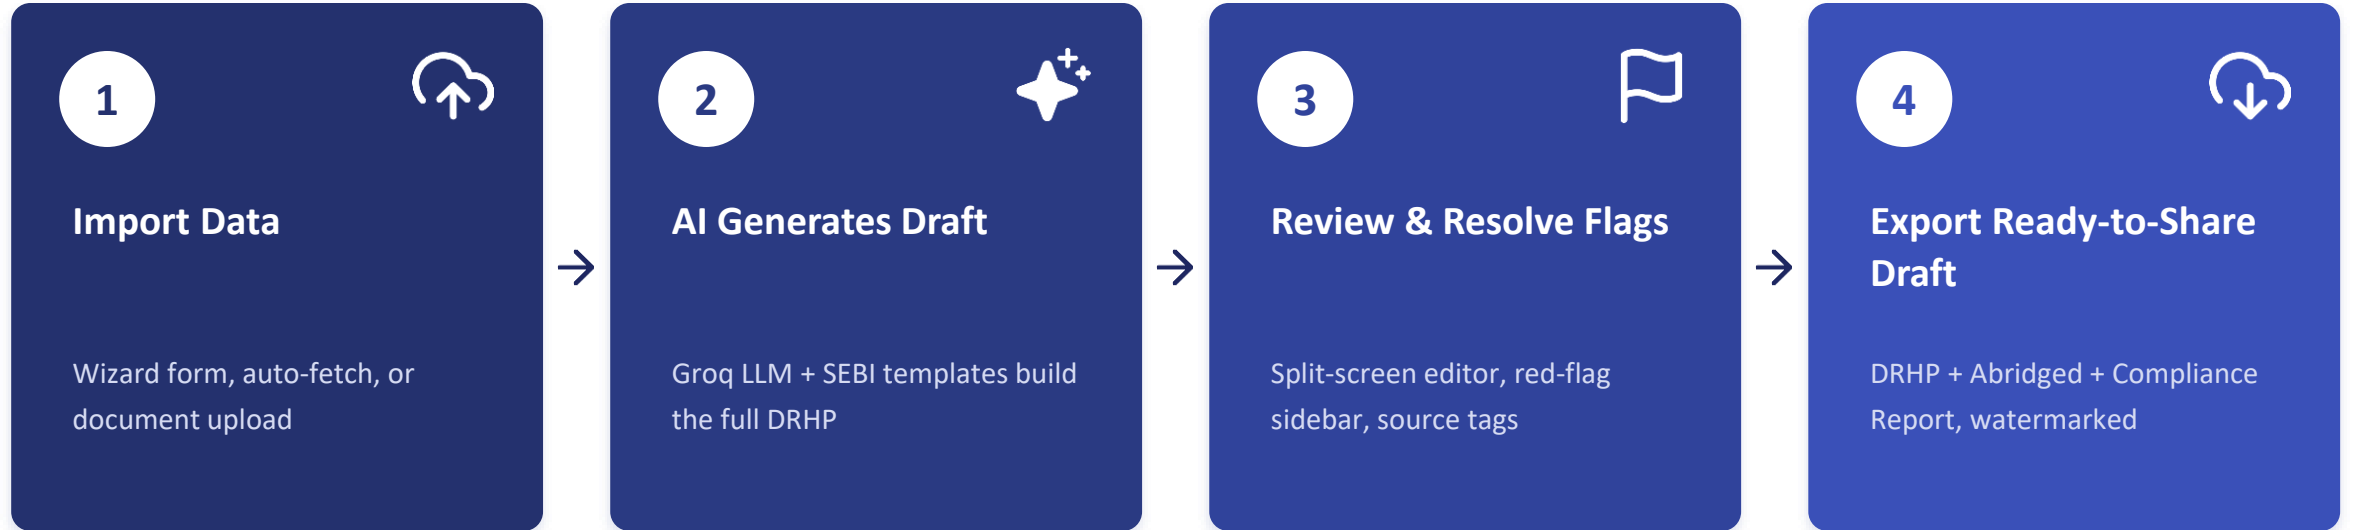

MOA/AOA & contracts — OCR extracts clauses.

AI auto-generates: Business Overview · Risk Factors · Financials · Promoters & Management · Objects of Issue · Litigation

• Secure • Cost-Effective • Time-Efficient • Draft only -- not for SEBI filing

The SME Promoter's Journey

One role. One flow. From raw data to a disclosure-ready draft.

Certification & filing still runs through a SEBI-registered Merchant Banker, as required by law — DraftSetu accelerates the first draft, not the regulatory step.

Key Features

What makes the draft trustworthy, not just fast

AI Draft Generation

Full DRHP from raw company data.

Red Flag Sidebar

20+ SEBI rules auto-checked: Critical / Warning / OK.

Source Tags

Click any claim to see its exact data source — kills hallucination risk.

Eligibility Bar

8 SEBI SME thresholds shown live as pass/fail pills.

Dual Export

DRHP PDF, Abridged Prospectus, DOCX, Compliance Report.

Audit Trail

Every edit tracked — timestamp, change, version history.

Handling Missing Data

We never block the promoter — every gap has a SEBI-compliant alternative

GAP	SEBI-COMPLIANT ALTERNATIVE	REGULATION
 MCA21 data unavailable	 Self-attested declaration + CA certificate	<i>ICDR Reg. 57</i>
 GST data missing	 Income Tax Returns (3 years)	<i>ICDR Reg. 26(1)(b)</i>
 Bank statements missing	 CA-certified cash flow statement	<i>ICDR Reg. 26(1)(c)</i>
 Litigation data missing	 Notarized self-declaration affidavit	<i>ICDR Reg. 57(1)</i>

The system suggests the proper document needed — no dead ends.

Who's accountable?

DraftSetu outputs a draft only, watermarked "NOT FOR SEBI FILING." Certification and legal accountability stay with a SEBI-registered Merchant Banker — exactly as required today.

AI accelerates the promoter's first draft. It does not replace the regulatory certification step.

Commercial Potential

A recurring SaaS opportunity in a fast-growing market — not a one-time build
